### ABOUT THE SPEAKERS

#### AMADOU THIENNOR DIALLO, Director, Economic and Social Infrastructure Department, IDBG, Jeddah

Mr. Amadou Thierno Diallo leads the Bank's engagement in the areas of economic and social infrastructure both in urban and rural settings to support its 57 member countries development efforts. This engagement includes the formulation of views and positions on key development challenges, the development and implementation of strategies across economic and social infrastructure topics as well as the development of mechanisms for engaging PPP financing and the private sector.

Previously, he served at the African Development Bank as Resident Representative of the Bank in Bamako, Mali and Manager of the Energy and ICT Division. He also has more than 10 years of experience in the private sector in the US and in Guinea.

Mr. Diallo holds a B.S in Mining Engineering from the GAN Polytechnic Institute of Conakry, Guinea, an MS in Mineral Economics from Montana Tech, the University of Montana, an MBA in Finance, and a Master’s in Public and International Affairs, from the University of Pittsburgh, United States.

#### ARMIN WAGNER - Traffic and Transport Engineer, Team Leader at GIZ

Mr. Armin Wagner, with specialization in urban mobility and international fuel prices, has over 15 years of experience within the inner workings of sustainable transport project management. Armin has firsthand experiences in Ukraine, the Kingdom of Saudi Arabia and Syria, and brings these particular insights to his role as Senior Transport Policy Advisor. When Armin is not designing, implementing or evaluating projects you may find him rushing through the hallways of GIZ where he leads the sector project Sustainable Mobility. Armin is board member of the SLoCaT Partnership.

#### AMADOU THIERNO DIALLO, Director, Economic and Social Infrastructure Department, IDBG Jeddah

Mr. Amadou Thierno Diallo leads the Bank's engagement in the areas of economic and social infrastructure both in urban and rural settings to support its 57 member countries development efforts. This engagement includes the formulation of views and positions on key development challenges, the development and implementation of strategies across economic and social infrastructure topics as well as the development of mechanisms for engaging PPP financing and the private sector.

Previously, he served at the African Development Bank as Resident Representative of the Bank in Bamako, Mali and Manager of the Energy and ICT Division. He also has more than 10 years of experience in the private sector in the US and in Guinea.

Mr. Diallo holds a B.S in Mining Engineering from the GAN Polytechnic Institute of Conakry, Guinea, an MS in Mineral Economics from Montana Tech, the University of Montana, an MBA in Finance, and a Master’s in Public and International Affairs, from the University of Pittsburgh, United States.

#### MOHAMED MEZGHANI - Secretary General of UITP

Mr. Mohamed Mezghani holds a Master’s degree in Transport (ENPC France, 1988). He has been working for more than 25 years in public transport and urban mobility related fields. His main fields of expertise are:

- Urban mobility policies and travel demand management
- Trends and innovation in urban transport
- Institutional organisation and regulatory framework of public transport
- Relationships between public transport stakeholders
- Urban transport energy efficiency.

He has been working at the International Association of Public Transport (UITP) as Senior Manager (1999-2001), Knowledge Director (2001-2006), Consultant and Adviser (2006-2013), Deputy Secretary General (2014-2017) and Secretary General since January 2018.

#### TYRRELL DUNCAN - Economist and Policy Adviser

Mr. Tyrrell Duncan is an independent consultant providing economic and policy advice on transport and other infrastructure sectors. From 2009 to 2017 he was head of the transport sector at Asian Development Bank, responsible for formulating and implementing ADB’s first sector strategy for transport, the Sustainable Transport Initiative. He led eight multilateral development banks in making the $175 billion Rio+20 pledge on sustainable transport, and chaired the MDBs’ cooperation on transport. Having been ADB transport director for East Asia and task manager in South Asia, he is experienced in preparing and supervising transport financing operations and conducting sector policy dialogue with governments. He has an undergraduate degree in economics and a master’s degree in public policy and management.

#### WISSEM GAIDA MAHJOUB, Director General Logistics & Multimodal Transport, Ministry of Transport, Tunisia

Mr. Wissem G. Mahjoub holds an Engineer’s degree in statistics. He has been working at the Ministry of Transport as Deputy Director of Sector Studies, Director of Planning and currently Director General Logistics & Multimodal Transport. His main fields of expertise are:

- Transport logistics.
- Sectoral studies.
- Trade facilitation.
- Economic development and planning
- Cooperation with international partners for development.

### Shaping Global Partnerships for Sustainable Transport and Sustainable Mobility: Lessons learnt & way forward

**APR 2, 2018**

11:30-13:30

Salle plénière Didon 1, RAMADA HOTEL, Les Côtes de Cathage, Gammarth, Tunisie

**Co-organizer:**

Ministry of Transport (Tunisia)
Achieving sustainable mobility is critical to achieving the Sustainable Development Goals and fulfilling the promise of the 2030 Development Agenda. This has been internationally recognized in several global fora including most recently the 72nd UN General Assembly. Yet the sector is not heading in the right direction and international organizations and Member Countries need to partner to transform mobility for more results and shape the future of sustainable development. This event will bring together representatives of some global partnerships working towards this goal and exchange views, best practices and perspectives on the future of global partnerships for sustainable transport and mobility. It will also provide the views of representatives of IDB Member Countries on the future of mobility and the need for partnerships to achieve sector transformation.

**Objectives:**

1. Foster dialogue on partnerships in the transport sector to achieve the sustainable development agenda.
2. Shed light on successful IDB initiatives with global partners for sustainable transport and sustainable mobility.
3. Discuss challenges and way forward to effectively transform global transport sector interventions for better results.

**AGENDA**

**Opening Address:**
- Sassi Hammami, Secretary General Ministry of Transport, Tunisia.
- Amadou Thierno Diallo, Director, Economic and Social Infrastructure, IDB.

**Presentations:**
- Ali Fredj, Director General Land Transport, MoT, Tunisia.
- Wissem Mahjoub, Director General Logistics & Multimodal Transport, MoT, Tunisia.
- Ben Eijbergen, Practice Manager Transport, the World Bank.
- Salim Refas, Global Lead, Transport & Connectivity, IDB.

**Panel discussion:**
- Setting up an effective multilateral agenda.
- Critical success factors to implement the global partnerships.
- Role for local governments, civil society and private sector.

**Co-organizer:**
Ministry of Transport (Tunisia)
